Bronschhofen, Switzerland
Engineering- and production site for electronic manufacturing services

The Cicor location in Bronschhofen (Swisstronics Contract Manufacturing AG) offers complete outsourcing solutions for the development and production of electronic assemblies as well as complete devices and systems. Cicor develops and produces small and medium sized series of electronic assemblies and systems using state-of-the-art equipment at its Bronschhofen site.

The location has extensive expertise in medical technology. In the newly created, protected assembly area of ISO class 8, medical devices with increased demands on the assembly environment are manufactured. The EMS site in Bronschhofen has a diverse customer portfolio from the medical, industrial, consumer, defence and transport markets.
The Cicor Group is a globally active development and manufacturing partner with innovative technology solutions for the electronics industry. With about 2000 employees at ten production sites, Cicor offers highly complex printed circuit boards and hybrid circuits as well as comprehensive electronic manufacturing services (EMS) including microelectronic assembly and plastic injection molding.

Cicor supplies customized products and services from design to the finished product from one source.
